

UBK 12 & 24 FIBER BREAKOUT KITS

Opticonx LightTube™ UBK Series Breakout Kits are designed to provide a 3.0mm direct termination solution for high fiber count, 250μM buffered, round /rollable /spider web ribbon-style, unitube cables and MTP®/MPO

LightTube™ UBK Series Breakout Kits are designed to quickly and easily route 12 fiber bundles into individual color coded 3.0mm OD PVC tubes via a protective housing. The color coded, protected fiber bundles can then be safely routed to splice trays or directly terminated with MTP®/MPO connectors. The kits work with any manufacturer's unitube cable containing 12 fiber bundles.

Application:

- ◆ Direct termination of 12 fiber bundles with MTP/ MPO connectors
- ◆ Fiber identification, management/ routing and protection for fusion and mechanical splicing
- ◆ Direct termination of the individual fibers w/ ST, SC or LC from multi-fiber bundled cables when combined with SPKL Series Kits

Features/Benefits:

- ◆ No special tools required
- ◆ EIA / TIA color coded tubing
- ◆ Fits any manu-
