

## UBR 12 & 24 FIBER BREAKOUT KITS

**Opticonx LightTube™ UBR Series Breakout Kits are designed to provide a direct termination solution for high fiber count, 250µM buffered, flat / oval ribbon-style, unitube cables and MTP®/MPO connectors.**

**LightTube™ UBR Series Breakout Kits** are designed to quickly and easily route 12 fiber ribbon bundles into individual color coded 4.7 x 2.3mm OD PVC oval tubes via a protective housing. The color coded, protected fiber bundles can then be safely routed to splice trays or directly terminated with MTP®/MPO connectors. The kits work with any manufacturer's unitube cable containing 12 fiber ribbon bundles.

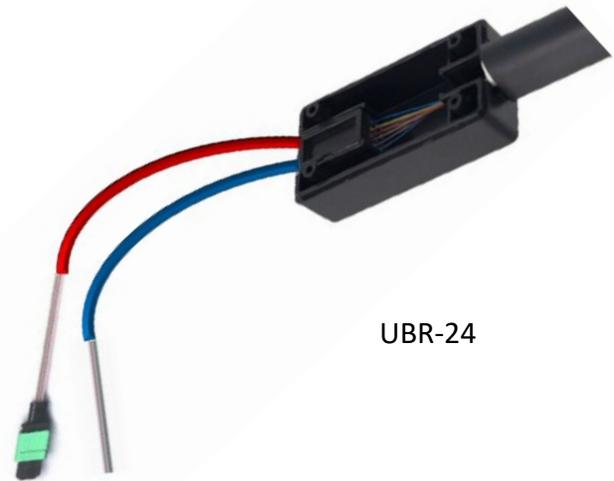

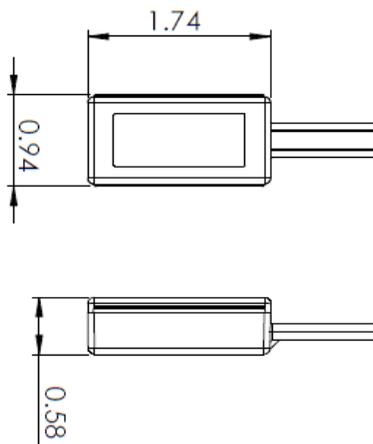

### Application:

- ◆ Direct termination of 12 fiber ribbon bundles with MTP®/MPO connectors
- ◆ Fiber identification, management/ routing and protection for fusion and mechanical splicing
- ◆ Direct termination of the individual fibers w/ ST, SC or LC when combined with SPKR Series Ribbon Splitter Kits

### Features/Benefits:

- ◆ No special tools required
- ◆ EIA / TIA color coded tubing
- ◆ Fits any manufacturer's cable
- ◆ Installs in minutes
